CAREER OBJECTIVE

Motivated Full Stack Developer with hands-on experience in ReactJS, Node.js, Express.js, MongoDB, Java, and REST API development. Skilled in building end-to-end web applications with authentication, cloud storage integration, database management, and deployment on modern cloud platforms. Passionate about developing scalable applications, solving real-world problems, and contributing to collaborative software engineering teams while continuously enhancing technical expertise.

TECHNICAL SKILLS

- **Frontend:** HTML, CSS, JavaScript (ES6+), ReactJS, React Router
- **Backend :** Java, Node.js, Express.js, Spring Boot, Firebase, JWT Authentication, REST API Development
- **Database:** MySQL, MongoDB
- **Tools:** Git, GitHub, Postman, VS Code, Eclipse IDE, MySQL Workbench, Jira
- **Deployment:** Netlify, Vercel, Render, MongoDB Atlas, Cloudinary

EDUCATION

Bachelor of Technology (Information Technology)

CGPA: 6.82/10

2021 - 2025

PROJECTS

Wishes Web Application

Live: <https://wishop.vercel.app/>

GitHub(Frontend) : https://github.com/bishopnakka/wishes_frontend.git

GitHub(Backend) : https://github.com/bishopnakka/wishes_backend.git

Tech Stack: ReactJS, Node.js, Express.js, MongoDB, Cloudinary, JWT Authentication

- Developed a full-stack web application that enables users to create, customize, and share personalized digital wishes through unique shareable links.
- Implemented JWT-based authentication, protected routes, user dashboards, secret-word protection, and email sharing functionality to enhance security and user engagement.
- Built RESTful APIs using Express.js and MongoDB for wish management, comments, analytics, and user operations, while integrating Cloudinary for cloud-based image uploads.
- Optimized application performance using MongoDB indexing and deployed the frontend on Vercel and backend on Render with MongoDB Atlas for cloud database management.

Personal Portfolio Website

Live: <https://bishop-nportfolio.vercel.app/>

GitHub : <https://github.com/bishopnakka/Bishop-Portfolio.git>

Tech Stack: HTML, CSS, JavaScript, Responsive Design, Vercel

- Developed and deployed a responsive personal portfolio website to showcase my full-stack development projects, technical skills, and professional profiles.
- Designed a modern and mobile-friendly UI using HTML, CSS, Flexbox, and Grid, ensuring smooth navigation and optimized performance across different devices.
- Added direct contact integrations including email, LinkedIn, GitHub, and phone, enabling quick communication with recruiters and collaborators.

CERTIFICATIONS

- | | |
|---|---------------------------|
| ● AI & ML Virtual Internship Supported - Altair | September - November 2023 |
| ● Data Science Master Virtual Internship Supported - AWS Academy | July - September 2024 |
| ● Java Full Stack Development Internship – Datavalley India Pvt. Ltd. | March - 20-2025 |

SOFT SKILLS

- People Management, Communication , Problem Solving, Team Work
